MID-DAY BLAZE DESTROYS DWELLING

The home of Mr. and Mrs. J. B. Benton, on South Oak street was almost totally destroyed by fire last Monday about noon. No one was at the house at the time excepting Mrs. Carl Angle who was busy getting dinner. When she noticed the flames the roof was on fire and she gave the alarm. The fire department arrived in time to put the fire out before the building was entirely burned. Some of the furniture was saved but the Benton loss is quite a severe blow as there was no insurance. The fire started from a defective flue. A collection is being taken up for the Bentons and a neat sum has been secured.

PEACE REIGNS AT PRIMARIES

Harmony Rules in Mendocino Democracy's Ranks

The Democratic primary passed off quietly last Saturday in almost all of the precincts in the county. Two sets of delegates were run in this valley and also in Potter and Round valley. In all of the other precincts only one set of delegates were put up, the people agreeing in mass meeting as to who should represent them. The contest was over the district attorneyship. In Round valley, Potter, and the other contested precincts Bob Duncan carried the day by good big majorities.

In Ukiah valley, the home of both candidates, the fight was a close one, and a large vote was polled showing that Democracy has revived once more. And this, two, when the Republicans had a little old time scrap on also. Scores of Democrats who could not stand for Parker and voted for Roosevelt in 1904 marched up to the polls and reaffirmed their allegiance to the Democracy of Jefferson and Bryan. The large vote cast is also indicative from the fact that no one could vote unless he had been on the register at least five days before the primaries, in accordance with the primary call. Of course a number of good Democrats lost their votes by not registering in time to vote but it will serve to act as a gentle reminder that they should register NOW so as not to be shut out in the general election.

The fight for district attorney was a pretty one in the three Ukiah precincts. Both candidates live here and naturally made a fight for the precincts from the stand point of pride and also because the three contained 23 delegates—a desirable set in the convention. The result was a compliment to both gentleman, Duncan winning by a narrow margin. In Ukiah No. 1 where there were 11 delegates Duncan carried it by 18 votes. He also carried Ukiah No. 2 by 7 votes excepting one delegate. Mayor Weldon carried the valley precinct by six votes. River precinct went almost unanimously for Duncan. So out of the 26 delegates here 19 are for Duncan and 7 for Weldon. From the returns at hand Robert Duncan has a safe majority, so there will be no contest in the convention for this office.

As the delegates were selected simply on the district attorneyship they were noncommittal on the other offices, so the result on sheriff, recorder, treasurer, surveyor and tax collector, will not be known until the balloting takes place in the convention. All the various candidates are most excellent gentlemen and possess many elements of strength. Those that have no opposition and are sure of getting on the ticket are: J. C. Ruddock for the Assembly, J. F. Barbee for clerk, M. A. Thomas for assessor, J. A. Joyce for auditor, L. W. Babcock for superintendent of schools, and John Taylor for coroner.

The delegates will assemble in convention in Fort Bragg tomorrow and the tale will soon be told. There is every prospect of a glorious victory this fall, if the convention will but be careful in selecting the personnel of the ticket. Now is the time to be Democratic. Put aside personalities and nominate the strongest men—men that are stronger than their party and success is bound to crown our efforts in November.

Principal Is Secured

W. P. Campbell, who was engaged as principal of the Mendocino high school, was in Ukiah yesterday on his way to the coast. He is highly recommended as an educator and no doubt will do well with the school. A young lady was secured to take charge of the commercial department.

H. A. Eldred had a horse killed Tuesday night by its being backed over the grade above Cleveland's mill by a young lady who was driving it. The buggy was smashed into kindling wood.

HOT TIME IN THE OLD TOWN

Bitter Fight Among Local Republican Factions At Primaries

The Republicans held their primaries throughout the county last Saturday and when the smoke of battle had cleared away and the effects of the tidal wave could be discerned it was found that the Siamese twins, the dish editor, the Eel river bridge and the Big river ferry had all been washed away. It was certainly a great scrap, although our contemporaries had declared that a harmonious gathering would be held.

This is certainly a severe lesson to the dish editor, who has made it his particular business to try to stir up a row in the Democratic party and misrepresent people who oppose the plans of the Siamese twins. Jim Flaherty says he knows lots of people who are making money by attending to their own business. If the dish editor has any gray matter left in his cranium he will follow Flaherty's maxim and be good in future.

But to the primaries—as was predicted by this paper the two factions of the party came together in contest over local supremacy. It was simply a question of which boss should be the real boss, whether Auditor Caughey should control the delegates to the stae convenion or whether Supervisor Fairbanks would issue the orders. Two sets of delegates were run in almost every precinct in the county. The real battle ground was in Fort Bragg, Supervisor Barnard's home and in Ukiah. To theer utter dismay the "gang" were completely whipped in their citadel of power, and failed to carry a precinct in the Fourth district. This was due to Barnard and Fairbanks injecting petty politics into the Mendocino high school, and was justly resented by the people of the coast.

In Ukiah the leaders of both factions planned and schemed for several days before the fray and on the eventful day they all took off their coats and worked like Trojans. Two sets of delegates were run in the three precincts here. In Ukiah No. 1 the "push" delegates got 88 votes to the "gang's" 34, in No. 2 the "push" had 64 to the gang's 14 and at the race track the vote was 24 to 12 in favor of the "push." So it will be seen that it was a veritable Waterloo for the remnants of the discredited and disreputable Press gang. It is said a number of sore spots still remain and that the contest will be carried further.

Each faction has a couple of newspaper organs and they swatted one another quite severely in the issues just preceding the scrap. In Ukiah, the Times upholds the Caughey faction and the Press misrepresents everything and everybody that the twins do not like. In Willits, the News and the Herald are on opposite sides, but Bro. Pennington balks when harnessed up with the dish editor and refuses to pull, so they have to handle him carefully.

And so the merry war goes on. It is stated that the Times has been made the official organ of the county central committee and that the dish editor will be given a position where he can see the crumbs drop in the other fellow's plate.

The county convention will meet in Ukiah on August 4th and place a Republican ticket in the field. Candidates are rather scarce as there is little or no chance of any of the nominees winning in the fall. Delegates to the state convention will be named that will do all they can to assist Mr. Caughey in his ambition to be clerk of the supreme court. The people of the county generally, without regard to politics, would like to see a Mendocino county man thus honored.

Over in the Fifth district E. P. Gillmore has succeeded in defeating J. D. Ball for the nomination for supervisor, after a hot skirmish in the primaries. Reports from this district are to the effect that the Democratic candidate stands an excellent chance of winning out in the fall.

It looks like the Republican ticket will be about as follows: Assemblyman, W. D. Held; sheriff, A. N. Rawles; clerk, Hale McCowen; recorder, E. E. Holbrook; assessor, J. N. Rea; treasurer, George Johnson; tax collector, W. S. Van Dyke; surveyor, B. N. Springer. So far no one has been found that wants to but up against a stone wall by running against Bob Duncan for district attorney, Prof. Babcock for superintendent of schools, or John Taylor for coroner and public administrator. Auditor Caughey will take the nomination for auditor, and if successful in getting on the state ticket will resign as nominee for auditor and C. W. Mathews will be placed on the ticket instead.

HOP PRICE STILL ON THE ADVANCE

Sonoma county hop growers are very much interested in the situation presented and at the prospects of a further advance in prices on contracts. In the early part of last week thirteen and one half cents per pound was offered for the 1906 crop. Saturday and Sunday some were bought for fourteen cents, and Monday fifteen cents was offered. The advance is due to the serious condition of the English market, says the Press Democrat.

The Waterville Times and Hop Reporter of New York, of Juy 17 mentions that of the 378 bales of hops imported last week, 250 bales are American hops returned from Europe. This shows the scarcity of the American hops at home.

The Maidstone (England) South Eastern Gazette makes the following report of some of the hop districts of England:

Where sufficiently sheltered to escape the full force of the wind, the hops benefited by the rain of Friday morning, and fair progress is recorded on the week. Vermin, however, is still troublesome, and the outlook remains unpromising. In the Borough there is no quotable alteration in values, but the market continues strong, owing to the dearth of supplies everywhere, while English growers are holding back their hops in hopes of higher prices later. Crop reports from the United States are fairly satisfactory, but a bad attack of fly is reported in Germany.

Canterbury and District — The plant has made fair progress during the past week, but the aphis blight has greatly increased— to such an extent, in fact, that despite frequent washings it is almost unexampled. In some of the plantations cultivation is in arrear, work is being delayed by the necessity of continuous washing. Following the terrific downpour of rain of Friday morning, hot, forcing weather is badly needed, so that the plantations may recover themselves. At present the prospects of a crop are considered to be good.

Borough—Messrs. W. H. and H. LeMay, London, report. There is no change to report on the market. Prices remain very firm, with an upward tendency. The reports from the plantations speak of a continued attack of fly and fresh lice, and matters are becoming serious now that we are into July.

Hereford—The rains of the past week have had a good effect on the hop yards, as the vine has received a thoroughly good washing, which in most cases it wanted badly. Blight, however, is still troublesome, and likely to hamper the grower for some time to come. The growth of the vine varies considerably in different parts of the country. Business in the market is very quiet.

Handsome Automobiles

R. A. Hendricks received a handsome Reo runabout last Saturday. It is a beauty and is one of the most popular makes of automobiles. It is noticeable that the horses in town are becoming accustomed to the benzine buggies and but few of them are afraid of the up to date vehicles. With the coming of a few machines to town to stay permanently it will be but a matter of a short time before horses will pay as little attention to the automobile as they do to bicycles. The only cure for the automobile nuisance is more automobiles.

DEATH CLAIMS AGED PIONEER

J. G. Edwards Peacefully Passes to His Long Rest

One by on the old pioneers are crossing the river to rest under the shade of the trees. Last Tuesday morning all that was mortal of J. G. Edwards passed to pathetic dust. He had been suffering for some time from the effects of old age and heart failure and his death was not entirely unexpected. Grandpa Edwards, as he was known by all, was born in North Carolina on the 14th day of January, 1825, and was 81 years 6 months and 10 days old at the time of his death.

He moved to Georgia when in his teens where he remained until he caught the California gold fever in '51 and came to this state by way of the isthmus. He followed mining for a number of years and moved to Healdsburg in 1857 and followed ranching there for seven years and then moved to this county, locating at Willits on what was afterwards known as the Tuck ranch. In 1865 he removed to Ukiah valley and made his home here for a few years and then purchased the large stock ranch near Orrs. Here he lived until a few years ago when advancing age compelled him to leave the ranch and come into town. In 1851 he was united in marriage to Miss Amanda Thompson, who with five sons survive him.

Mr. Edwards was one of our best citizens and his death is regretted by a wide circle of friends. The funeral took place Wednesday afternoon from the Christian church and was largely expressing the high esteem in which the deceased was held.

Mrs. Finney's Death

Mrs Elizabeth Finney died at her home in this city last Thursday of cancer after a lingering illness of several years duration. She was the beloved wife of T. C. B. Finney, a prominent farmer who lived in this community for many years. She was highly respected by all who knew her and her death is generally regretted.

The funeral took place from the Baptist church Saturday afternoon, of which the deceased had long been a member. A large concourse of sorrowing relatives and friends followed the remains to their last resting place. Besides a husband she leaves a large family of sons and daughters to mourn her departure.

Mrs. Wattenberger Dies

Harriet Isabella, wife of Joseph Wattenberger, died at her home at Centerville last Saturday night of hemorrhage of the lungs. She was fifty-four years of age and besides her husband several children are left to mourn her loss. She was a most estimable lady, highly respected by all who knew her. The interment took place Wednesday in the Potter valley cemetery. The sympathy of many friends is extended the sorrowing relatives.

Insurance is Paid

Resident agent of the company, C. M. Mannon, received last week a check from the Atlas Manchester Assuranceh Company for the full amount of the loss under their policy covering J. S. Hart and J. M. Mannon's building on School and Standley streets. The fire occurred July 3rd and the company at once wired their agent to have an estimate of loss made by local builders. Messrs. Orr and Evans made the estimate and the company accepted it at once and settled for the full amount.

Messrs. Mannon and Hart are naturally much elated at this evidence of the solvency and fairness of the Atlas, in view of the uncertainty surrounding insurance matters since the San Francisco fire. According to newspaper reports, the Atlas has paid nearly half its total loss in the city.

MIDDLE COAST HAPPENINGS

Mendocino, July 23—There was a hot time here last Saturday when the Republicans held their primaries. Supervisor Barnard has long done all he could in a petty, spiteful way to injure the people of this town and the town itself. Not long ago he ejected his small politics into our high school by ordering a few creatures of his on the board of education to dismiss a competent teacher in the school, and of course the board did his bidding, as he was backed by his partner Fairbanks. But the people of this town had an opportunity to let these two little ignorant fellows know what they thought of them last Saturday when the primaries were held, by defeating the Fairbanks-Barnard delegates by a large majority.

Everything was harmonious in the Democratic ranks, there being no conflict for delegates. As the delegates are unpledged it is not known how they stand.

On the 1st of August Fred W. Stickney will assume the duties of assistant superintendent of the Caspar mill, vice A. B. Merrill, resigned. W. B. Combs, of Little River, has charge of the yard and shipping.

Ralph C. Greenough has accepted the principalship of the Fort Bragg grammar school, and the trustees have selected M. H. Iverson as his successor.

Freight from San Francisco to points on the coast is somewhat slow in arriving here these days and we have to take what we can get.

The new Jughandle bridge on the line of the Caspar railroad will soon be finished and logging operations will be resumed. The logs in the pond are getting scarce and unless some more are secured soon the mill will have to shut down.

DIVIDEND NOTICE

The Savings Bank of Mendocino county has declared a semi-annual dividend on its savings deposits for the half year ending June 30, 1906, at the rate of three and one half per cent per annum, payable on and after July 1, 1906.

For Sale.—A house and lot in Greenwood. A good location for any business. Front part of building suitable for store or any kind of business, and the rear has rooms for living apartments. For information apply to Alex Carlson, the Jeweler, Elk, Cal.

POINT ARENA AND VICINITY

Point Arena, July 25.—The two political parties held their primaries here last Saturday. All was quiet on the Democratic end, only one set of delegates being run. They are unpledged and will endeavor to nominate the strongest possible ticket. On the Republican side there was a strong fight over the supervisorship. E. P. Gillmore defeated E. B. Ball for the nomination easily, carrying all the precincts heard from. The fight was quite bitter and the chances of a Democrat get brighter every day. It is not known how the delegates on either side stand on any of the other offices.

Miss Grace Gray who was employed to teach the primary department of our school has resigned to take a place in the Fort Bragg school and another teacher will have to be selected.

Sam Horton has sold his ranch to Andrew Christianson and will move to the southland in the fall. One by one our good citizens seem to leave us, but we are still in the swim and are going to come out all right and develop our section of the country just the same.

Dr. F. Omori, the Japenese authority on earthquakes, was here last week looking for faults and evidences of the earthquakes. Prof. Knowlton who has been traveling with the renowned Jap delivered an interesting lecture here last week.

Lloyd, the eleven year old son of Robt. Hamilton, had his face badly burned last week by igniting some powder and is under the doctor's care.

We are glad to note the progress of another Point Arena boy. M. H. Iverson has been selected as principal of the Mendocino grammar school, after teaching successfully at Boonville for a number of years.

Theodore Jensen, of Gualala, and Miss Pemelia Lowery were united in marriage last Sunday at Manchester. We are glad to extend congratulations

HAPPENINGS IN BUSY HOPLAND

Hopland, July 26.—The political pot is beginning to boil. The delegates elected from Hopland are: Messrs. Armstrong, W. Dooley, W. Parsons, McCutchan, Frank Duncan, and Oliver Meyers. They are good responsible men and are going to the convention with the determination of selecting the best men as candidates for the county offices.

J. Lane Jr., the popular candidate for recorder, was in town the first of the week making his campaign for nomination. Lane is a wide awake fellow and will give his Ukiah opponents a hard run.

I. Grover, the candidate for treasurer, also gave us a call.

Mr. and Mrs. Huntington and son, of Petaluma, and Mr. and Mrs. Penrod, of Los Angeles, left the early part of the week for their respective homes, after spending a few days with their sister Mrs. Harris.

The Hopland union school is running again with Mr. Cuthbertson, Miss Whipple, and Miss Held as our new instructors.

We have been favored with some pretty warm weather this week, but as hops are going up, we can stand some heat.

Harris & Grant are fixing the warehouse for a skating rink. A few more improvements along this line and we will feel quite citified.

Lines on The Death of J. G. Edwards

"What a lovely day"! He was heard to say,
And the night of that day he passed away.
He saluted the sun, as it rose at noon,
But his heart beat low e're the rising moon.
At twilight's dawn his spirit fled
And then a noble heart lay dead;
But his soul has passed to a higher quest,
To the kindgom of bliss for eternal rest.
A grand good man, a life well worn,
Whose four score years were ably born.e
For duty, friendship and love of right,
He followed the road of honor bright.
And his loved ones all, shall miss him where
He used to sit in that "vacant chair",
But one whose devotion to him was dear
Will weep o'er that vacant chair a tear.
She will think of him she loved so well,
How his love for her was a life long spell,
She'll remember his love as he passed away,
"What a lovely day, what a lovely day."

Ukiah, July 26, 1906. Desmond.

UKIAH, CALIFORNIA, FRIDAY, JULY 27, 1906.

A Pertinent Question

Why does the administration issue $300,000,000 of Panama canal bonds, when there is according to the official statement, $170,000,000 of available cash in the treasury, of which over $50,000,000 is in the favored banks and not drawing interest? Is the reason for the issue of bonds because the banks require them to put up as security for more money? The fact that the taxpayers of the United States will have to pay interest on this new issue after July 20th, does not hinder a Republican administration from saddling the load on the people while the banks go free. The game of finance as played by the Republicans is all one-sided and the banks always get the best of it.—Woodland Democrat.

Several of the ultra Republican papers have already begun caricaturing Wm. J. Bryan, not knowing yet whether or not he is to be the Democratic leader. There are many indications that he will be, and the resurrection of the old cuts which portray him an ass continually braying are to remind his opponents of the races in which he was beaten. There has been quite a revolution in sentiment toward Wm. J. Bryan all over the land and there is not an intelligent reader in the country who will deny that Mr. Bryan is not about right and about as consistent in his views as possible for a human being to be and that he is being entertained as one of the foremost men of the world wherever he goes. A change from the braying ass to the roaring lion would be more appropriate now.—Willows Journal.

The beneficiary of the tariff who protects his workmen is like the gambler who protects his clients or the old-time slave-owner who protected his slaves. He always fails to protect them from himself. He is a very good shepherd; and if the workingmen make themselves sheep they will surely be sheared and eaten by their "protectors." The "protection" for which the Republican party stands means protection for the trusts and enslavement and poverty for the multitude.—Woodland Democrat.

NORTHERN MENDOCINO

Round Valley, July 24.—Saturday was an exciting day on account of the primary election. At the Democratic primaries two sets of delegates were run in each precinct. The fight was between Robert Duncan and Jack Weldon for district attorney. In the Eel river pricinct Duncan won out 3 to 1 and in Round valley precinct 2 to 1.

This section is only asking one office from the party, that of county surveyor. Guy Redwine, a young man born and raised here and a licensed surveyor, has announced himself. If Guy gets the nomination he will run like a whirlwind up here and take everything in sight.

At the Republican primaries it was not quite so exciting. In the lower precinct there was no combat and Nelson Brush and Sam Gray were elected in the upper precinct. Fairbanks turned U. S. Commissioner Goldberg down but the people would not have it that way and Con won out. The delegates are Ed Gibson, Fred Loring and Con N. Goldberg. The delegation is not peldged on any state issue.

Mrs. Mary Melindy died at the home of her daughter, Mrs. Jacob Wattenberger, last Satruday, aged 80 years and 7 months. The funeral was held Monday. She was one of the first white women in the valley having come here in 1866 with her husband, Dr. Melindy. She was a very intelligent woman and retained her mental faculties until the end. She took a great interest in everything for the good of the community and used to be a great church worker.

Lem Montague has gone out to his claim on Bald mountain. He says he does not want to be sheriff this time.

The Rohrbough building is quite an imposing edifice and will be by far the best store in the valley. Contractor McClure has a crew of six men working on it.

Will Smith cut an oak tree on the reservation that made 155 cords of stove wood.

The crop prospects were never better. We will have a large surplus of hay and barley and plenty of wheat for our own needs.

Dr. Walter Hargrave returned from his vacation Saturday.

Little Amy Redwine is reported to be dying, for several weeks she has been on the border line between life and death. She would have been 16 ears old next month. Chimiser.

Covelo, July 23.—Well, politics is the talk up this way now. Both parties held their primaries last Saturday and there was a little fight in the Democratic ranks over the district attorneyship, but Bob Duncan carried both precincts without any trouble.

These delegates are also supposed to favor Donohoe for sheriff, Gibson for recorder, and Redwine for surveyor. In the Republican list the delegates are supposed to favor Van Dyke and Joe Rea for whatever they want. Otherwise the delegates are unpledged. The delegates were supposed to be under the domination of Supervisor Fairbanks, but since he and his twin have gotten such a scalding throughout the county the delegates are likely to stand from under and let the little fellow die an ignominious death.

Ever since the big earthquake there has been heard rumblings like distant thunder up on the divide between Cottonwood, Eel and Mad rivers. The ground trembles like it was over a little Vesuvius. The sheep herders have skipped to a place of safety.

The Rohrbough warehouse will be finished in a few days. It is 24x50 and is one of the best buildings in town.

Our spell of hot weather still continues and all are hoping for a change.

Willits, July 23.—Nothing but politics, politics here now. The two parties held their primaries last Saturday to select the delegates to attend the respective conventions. Everyting was harmonious in the Democratic ranks, presaging a glorious victory all along the line this fall. The Republicnas were somewhat stirred up and at one time it was thought that an anti-Fairbanks ticket would enter the field, but the boys were finally induced to let the matter go by. The people were greatly incensed over the fact that two ignorant supervisors like the Siamese Twins would dare to interfere with our county high schools by ejecting dirty politics into them. But the twins are now dead ducks and can no longer debauch the citizenship of the county.

Work on the new telephone line from here to Laytonville is progressing rapidly. The poles have been scattered along the line and the holes are being dug. This line will connect at Laytonville with the line to Covelo and with the line to Westport, placing Willits in direct communication with the places named.

W. H. Duffield and wife came up from Ukiah last week and will make their home here with their daughter for the present, as Mr. Duffield has been in poor health for some time.

Bert Horr has moved his saw mill from the Cox place to Sylvandale and will cut the fir and pine timber off the Longland tract.

The members of the Baptist church have decided to build a parsonage on the lot west of the church, for the use of the pastor. On the 9th of August the church will have been organized 22 years and the members are planning a birthday social.

Miss Coulter and brother, Hobson, of San Jose, are enjoying a visit at the home of Thedore Fulwider in Scotts valley.

Miss Bertha Kumli, assistant state librarian, has been here trying to get the library on a good running basis.

"Pluto" Writes of San Francisco Affairs

San Francisco, July 26.—United States Senator Perkins in a short chat with me the other day expressed a very hopeful view about the future of San Francisco. He was fresh from Washington and was delighted with the success of the California delegation in getting appropriations for this section. He is confident that the worst of our troubles are over and that brighter skies will now be the order of the day. At the next session of Congress he is sure that he will be able to report great progress on the coast.

The day of the cable has come and gone and we are now in the domain of the overhead trolly. It must be confessed that the trolly is a popular institution with the majority of our citizens, and there are no tears being shed because the slow old cable is a thing of the past. It is hard to say what will be done about the steep hills. That is a problem however for the future to solve and we are not bothering too much over the problems of the future.

The push politicians can hardly believe their eyes or restrain their joy at the good news that there will be more than half a million to spend that they never counted. Assessor Dodge has found $500,000,00 more of property than the budget was based on and that will increase the city's revenue. It can be used for maintainance or permanent improvements, but the boys all say that they like the word maintainance much better than permanent improvements and what they like goes.

A sympathetic strike among the employees of the United Railways would be a very serious affair at this crisis in the affairs of the city. Quick transportation is absolutely necessary for rebuilding and any cessation of it however brief would be a positive disaster. It would seem that the politicians are getting in their deadly work in fomenting trouble between the officials of the company and the men. The primaries are coming on and it is necessary that the men should either be discontented or out of employment in order that some fine political work may be done. A man with half an eye can see what set of politicians would be benefited by having the men on a strike at this time.

Jimmy Britt, prizefighter and thespian, is as cheerful as the day is long and as confident as can be that he is soon to shine as a star in the pugilistic firmament. He told me the other night that he would be ready for September or any other month to prove his fistic superiority. When asked whether his opponent was to be Gans or Nelson he kept a discrete silence and looked as though he did not care which one it was. He looks in splendid condition and the fact that his flats are on Fillmore street far from the burned section has caused him to be in better financial condition than ever before.

A political refugee who is living now better than he ever did before has been getting considerable notoriety in some of the newspapers because he found fault with former Mayor James D. Phelan as a member of the relief committee. His original proposition to help Phelan become governor of California was promptly squelched and his obnoxious personality ignored. A few weeks on the rock pile would relieve his feelings and keep him out of closer confinement than he has now. He is thinking of putting in a requisition fort he $100 paid Phelan for a magazine article and which was afterwards contributed to the relief fund.

Was it whiskey or was it vaseline is a conundrum that is bothering official circles here very much. Both are quite niflamable and it is possible that the nine wagonloads of missing material was burned up. It is all a deep mystery and before it is solved bids fair to part the best of friends. The stuff hsa caused a great deal of trouble and considerable Sherlock Holmes work has been done to locate. As a matter of veracity between the army and the health department fair judges would have no hesitancy in choosing.

An evening newspaper is greatly exercized over the fact that the administration is not what it should be. It has published a plaintive editorial asking where the police are hiding themselves. That is a problem which cities have been unable to solve for years. A policeman is not ubiquitious and cannot be in two places at the same time. Our policemen are no different now. Pluto.

DENNY HANDS OUT SOME STRAIGHT TIPS

"Didn't I tell yer so?" said Dennie as he pulled his hat over his eyes, and kicked at a dog. "What de 'ell—dose guys didn't have a look in, say for fair, dose guineas ought to pile brick—would'nt know what doin' politics was was if dey met 'em in de street."

"Say who was de feller dat started de boom 'bout runnin de county machine for de blacks agin the tall lawyera who speils at 4th of July—and de other feller dats holds forth in de court house? I'd like to get me peepers on dat guy—he must be a mutt."

"De Blacks had an election las' Saturday—dat is, some of de Blacks did. Dey was goin' to do big tings—but when de votes was counted some of dem changed der thinkers, and went to figurin' how it happened. Say twas a hard one—de gazabes was down and out at de first count—'twas de limit, you ed tink dey was old 'nough to be weaned. But dey aint'—jest gettin der milk teeth"

"Did you see de dish editor? He was up agin it—he put all his powder in one load an' shot it off las' Friday. But de poor fellow missed fire, de jolt he got rattled all de dishes he keeps to give de foolish ones to take his paper. Say, what do you tink? I know yer don't usually, but try it dis time. De man who gives de china dishes 'way was powerful shy 'bout bein' seen 'bout his office after las' Friday. What de 'ell?"

"Dere was others. De feller what gives jobs 'way over at de foolish house— dat guy dat lives in Frisco—he was up here to see dat de job holders at de Home of Soft Snaps voted right. Well when de day comes he was on edge, yer know, trained to de minute, an' ready for de fight of his life. He says to de byes, says he, "you fellers vote right—or der will be nothin' doin' for youse guys in dis nut factory. De byes was scared for fair, an' dey voted right, yes dey voted right—de odder way. Now would'nt dat jar ye? Der tootsies did'nt get frosty. De big feller was down an' out—lost de fight, gate receipts—de whole biz."

"Another guy butted in too—and he told de byes on de railroad what to do an' how to do it. De byes wasn't buying any bricks or green goods—dey jest stood pat and' didn't discard."

"Oh, it was a big time—somethin' doin' all de time. Twins are feelin' mighty sore—dey didn't know dey was so easy. Dey are goin' to take a course of lessons in politics in a correspondence school—sure dey are. An' dat poor gazaber who handled de dishes an' fountain pens an' cook books is goin' to retire, he don't know where he's at."

"De wise guys are all dere wid de glad hand—der thinkers are workin' over time in der conning towers tinkin' what dey would do to de unfortunate who thot dey was wise politicians. Fort Bragg Letter

Fort Bragg, July 24.—There was a hot time in the old town last Saturday from a Republican standpoint. The fight was over the control of the delegates to the state convention. Supervisor Barnard, who is quite important only in his own estimation and who has aways fought Auditor Caughey, tried to control the delegation and elect a delegation that would throw the auditor down, but the people would not stand for it and snowed the little fellow under. To add to the gaiety of things the trustees of the Fort Bragg union high school elected Mr. Johnson to the head of the commercial department of the school here. This is the gentleman that Barnard caused his board of education to "fire" out of the Mendocino high school.

Everybody is anxiously awaiting the convening of the Democratic convention here next Saturday. The coast is glad to entertain the hosts of Democracy and will roll up a big vote for the ticket here this fall that will jolt the trust ridden party of plutocrats and cause them to sit up and take notice. A grand time is anticipated on Saturday, as a number of boys are out hunting for clams and abalones.

John McManus and Miss Lenora Sanderson were married at the Sand Dunes ranch last Sunday by Rev. J. S. Ross.

W. C. Johnson was unfortunate enough to cut off two of his toes while at work at Albion last week. He is in the hospital here now.

The large dam across Pudding creek has been completed and looks like a good piece of workmanship.
